### THE LOGISTICS...

- Who will greet your guests when they arrive and how will they be shown through to the ceremony or reception? Does the venue come with an events manager?

-----  
- If you are going to be in charge of setting up your own chairs and tables, make sure you have a set up well in advance rather than waiting until the day before. You will need to make sure that you can fit everyone in comfortably and that everyone will have a good view of the ceremony, speeches etc

### THE LEGAL BITS...

- Make sure your venue is licensed for civil Ceremonies and check which local authority the venue belongs to.

-----  
- Also check out the venues insurance policies when it comes to loss of property or damage.
